COVID-19 Update

The number of reported cases in the West Central Health District is 5,913. The number of deaths from the virus currently stands at 198.

<i>County</i>	<i>Cases</i>	<i>Deaths</i>	<i>County</i>	<i>Cases</i>	<i>Deaths</i>
Chattahoochee	468	0	Quitman	22	1
Clay	63	2	Randolph	212	25
Crisp	311	13	Schley	29	1
Dooly	224	13	Stewart	219	3
Harris	455	12	Sumter	620	51
Macon	139	9	Talbot	94	3
Marion	100	3	Taylor	36	2
Muscogee	2889	58	Webster	32	2

For more information, visit <https://dph.georgia.gov/covid-19-daily-status-report>.

The West Central Health District has established a toll-free number for COVID-19 information, 1-855-962-0955. After the recording, callers may leave a message which will be returned within 24 hours. The District also has a COVID-19 Call Center; 706-321-6300, Option 1.

Testing is now done by appointment only. Visit www.westcentralhealthdistrict.com to select a time and location for testing. All persons to be tested must be Georgia residents, but they do not have to be symptomatic. Symptoms of COVID-19 include:

- | | | |
|---------------------|------------------------------|----------------------------|
| Fever | Chills | Headache |
| Cough | Nausea | Diarrhea |
| Muscle Pain | Sore Throat | Congestion or runny nose |
| Shortness of Breath | Repeated Shaking with Chills | New Loss of Taste or Smell |

Elderly individuals and those with chronic medical conditions have increased risk for COVID-19.

When to get tested:

If a person has been exposed (*in close contact for more than 15 minutes*) to someone who tested positive for Covid-10, but does not have symptoms, that person should remain in quarantine for 14 days, and wait at least 10 days to be tested. If a person is symptomatic, or symptoms begin before day 10, then that person should be tested. A negative test does not mean your quarantine period is over. You must remain quarantined for the full 14 days.

Also, any person exposed to a positive case is encouraged to enroll in active monitoring by visiting

the Georgia Department of Public Health website at <https://intake-app-dot-gdph-erm-ga.appspot.com/>.

Specimen collection is held Monday through Friday, from 7:00 am to 11:00 am, in the parking lot behind the Columbus Health Department, on 11th Avenue and Center Street. There is no charge for testing at any location. Due to the number of individuals to be tested, wait times may vary at all locations.

Other County Health Departments offer drive-thru collection, **weather permitting:**

Chattahoochee <i>Cusseta</i>	Tuesday and Thursday <i>Every other Monday</i>	10:00 am to 12:00 pm <i>Monday by appt. only</i>	706-989-3663

Webster <i>Preston</i>	Monday	9:00 am to 12:00 pm 1:00 pm to 3:00 pm	229-828-3225

Be sure to call before going to a doctor’s office, emergency room, or urgent care center if you have been exposed to someone with the virus, and if you have symptoms.

We urge all individuals to practice these prevention measures:

- **Wear a mask or cloth face covering when you go to a store, office, or public place.**
- **Remember social distancing:** six feet between you and the person closest to you.
- **Wash your hands** often with soap and warm water for at least 20 seconds. If soap and water are not available, use an alcohol-based hand sanitizer.

- **Avoid touching** your eyes, nose, and mouth with unwashed hands.
- **Avoid close contact** with people who are sick.
- **Stay home** when you are sick.
- **Cover your cough or sneeze** with a tissue, then throw the tissue in the trash.
- **Clean and disinfect** frequently touched objects and surfaces.

For more information, people may call our COVID-19 call center at 706-321-6300, or visit <https://www.cdc.gov/coronavirus/2019-nCoV/index.html> or www.westcentralhealthdistrict.com.
